

Company Profile

Profile

Two Oceans Marine Manufacturing is a world-class marine manufacturer based in Cape Town, South Africa.

Founded in 1989, Two Oceans Marine is a leading global custom catamaran manufacturer. We specialise in custom and semi-custom power and sailing catamarans from 27 to 150 foot and have 13 000 square meters of covered factory floor space at the Cape Town Harbour.

Two Oceans Marine manufactures luxury power, custom cruising, performance sailing, day charter, sport fishing and commercial catamarans, as well as offshore rescue craft.

We are one of only a few large custom power and sailing catamaran manufacturers in the world.

With 33 years' extensive experience in quality boat building, the staff at Two Oceans Marine are highly skilled. They are actively involved in all sailing and boating activities and have a wealth of knowledge and expertise. Completed vessels are launched and sea trialed within a short distance of the factory, saving time and expense.

Two Oceans Marine's vessels are designed by leading world-class naval architects to be not only beautiful, but also comfortable and ergonomically friendly in every way. They are built to withstand the rough seas of Cape Town. Boat layout and interior design is customised to the customers' needs and vision, and our vessel systems are state-of-the-art.

Custom Luxury Sailing Catamarans

Two Oceans Marine Manufacturing is a premier manufacturer of custom-designed and manufactured luxury sailing catamarans. Designed and built to cruise the world and customised to suit the owners' needs, these catamarans are expertly built with flawless finishing.

Performance Sailing Catamarans

Two Oceans Marine Manufacturing is one of a handful of large custom catamaran manufacturers in the world. The company is renowned for being premier manufacturers of safe, seaworthy and robust catamarans capable of withstanding the toughest of ocean conditions. In addition to customised cruising catamarans, the company also specialises in performance sailing catamarans – on-the-water comfort combined with sailing performance and speed.

Our performance sailing catamarans are manufactured from e-glass with carbon fibre structural reinforcement, or full carbon fibre, depending on the owner's preference. Recent performance sailing catamarans launches by Two Oceans Marine Manufacturing include the Two Oceans 82 High Performance Catamaran, the Two Oceans 740 Performance Cruising Catamaran and the Two Oceans 60 Full Carbon High Performance Sailing Catamaran.

Day Charter Catamarans

The Day Charter Catamaran Range includes sailing and power day charter catamarans. These vessels are customised for luxurious and comfortable day charters and on-board functions.

Recent sailing day charter launches from Two Oceans Marine Manufacturing include the Two Oceans 690 and 700 Charter Sailing Catamarans. On the power side, In 2019, Two Oceans Marine launched the largest composite catamaran ever launched in South Africa: the Two Oceans 110 Day Charter Sailing Catamaran. This vessel is capable of hosting large functions and events and can carry up to 275 people on an upper and lower level, complete with a dance floor.

Luxury Power Catamarans

Luxury customised power catamarans are the vessel of choice for exploring bays and islands or chasing perfect fishing, diving, kite surfing or surfing spots without needing wind and without the stress of having to put up sails.

The Power Catamaran Range from Two Oceans Marine Manufacturing has been globally successful and recent launches includes the Two Oceans 750, 800 and 850 Luxury Expedition Catamarans. Currently in production is the Two Oceans 555 and 675 Power Catamaran and the Two Oceans 870 Power Catamaran.

They are robust yet luxurious, comfortable and functional for living aboard. Powerful and fuel-efficient engines provide the capability to motor long distances across oceans..

Sport Fishing, Leisure and Commercial Catamarans

Two Oceans Marine Manufacturing spearheaded the introduction of power catamarans to the Cape Town market. Today, the local tuna fishing fleet consists almost exclusively of power catamarans. The Magnum Power Catamaran Range from Two Oceans Marine has many custom leisure and commercial applications. Built to withstand the rough seas in Cape Town, the Magnum Range is stable, robust, comfortable, functional – and highly customisable.

Semi-custom Sailing Catamarans

Two Oceans Marine Manufacturing has a partnership with Balance Catamarans to manufacture the Balance Catamarans Cape Town range.

This includes the Balance 442, Balance 482 and Balance 750.

These semi-custom performance cruising catamarans are manufactured using the same techniques with which we manufacture our larger custom catamarans.

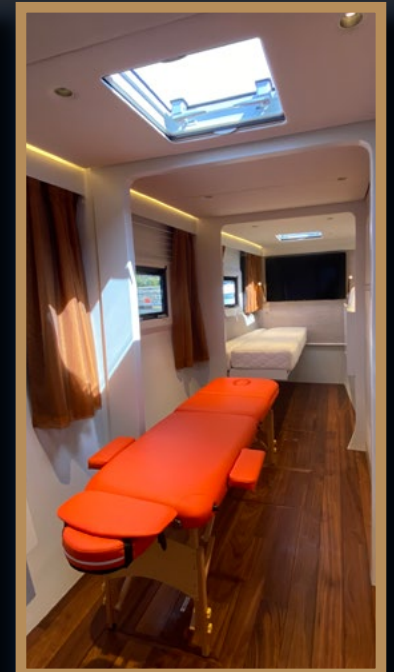

Offshore Rescue Craft

Two Oceans Marine Manufacturing was selected to build South Africa's National Sea Rescue Institute's new fleet of ten Class 1 Offshore Rescue Craft (ORCs). Accustomed to building power and sailing catamarans able to withstand the very rough seas off the coast of South Africa, it was an obvious transfer of skills to building world-class rescue craft.

Unsurpassed Interiors

Two Oceans Marine Manufacturing's vessels are designed by world-class naval architects to be comfortable and ergonomically friendly in every way. Interior design specialists work with the customer to create the perfect layout and design, customised completely to the customers's taste and requirements. Our custom catamarans have beautiful lines and easy-flowing interiors with all the modern appliances one could need, making them comfortable and luxurious on-the-water homes.

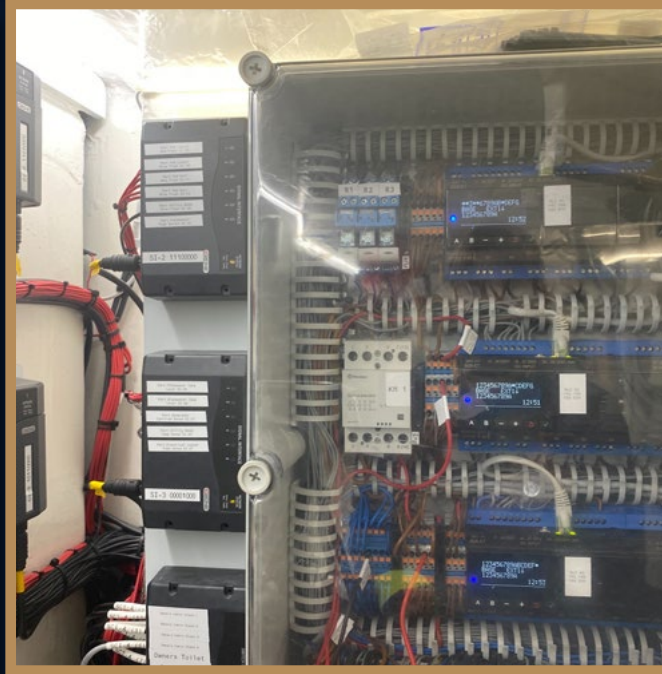

State-of-the-art Systems

Two Oceans Marine Manufacturing ensures that every vessel we launch has world-class vessel systems.

We have a team of in-house Electrical and Mechanical Systems specialists who make it their mission to constantly innovate and be best in class.
